IT'S STILL GOING TO HAPPEN... with a little help...

If you're like me, spring was about 4 days and then the heat of summer hit in full force! Looking at the forecast, we're in for a bumpy ride when it comes to weather and water this year!

Memorial day is past, July, with all it's patriotic festivities, is fast approaching and before you know it summer will be half over.

So... we want to give you something to look forward to...

Yes, we are still planning to do the Sterling Fall Benefit Fair!! HOORAY!!! On Saturday September 4th, the weekend of Labor Day, we will be hosting the Benefit Fair we had planned to do over Memorial Weekend but were unable to due to unforeseen complications. But we're gearing up for September and some fall fun!

What can you do? Well, first of all SAVE THE DATE! Mark your calendars now and plan for a fair full of fun and food and fabulous entertainment. Next, we'd love your help! There's lots to do when planning a fair. Your help, skills, talents, connections and input will make it even better! Willing to help out? Call Shayne at 754.707.4774

JULY - A Month to celebrate, remember and repledge your PATRIOTISM!

July 1 - Prep Squad Town Meeting - ALL are invited, as always!
July 8 - Jim Phillips - Water
July 15 - Jim Phillips - Water
July 22 - Jim Phillips - Water
July 29 - Jim Phillips - Water

Jim's course is an extremely thorough and extensive training and he insisted on coming for 4 weeks in a row to do it justice! We are inviting anyone in the surrounding area to attend! Please share this information. Water is one of our most valuable resources. Having it, knowing what to do with it, how to preserve it, store it and purify it are all necessary to survival in hard times. And we're in hard time. This is a series you won't want to miss!!

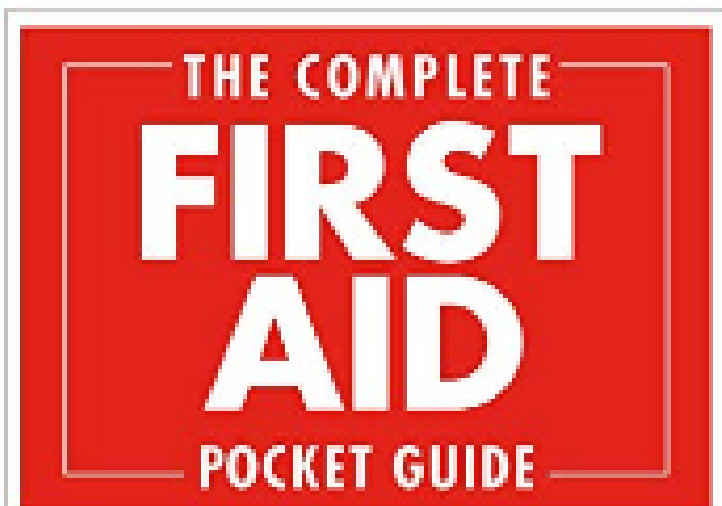

Preparedness and Self-Reliance. It's up to you!

I've heard it said that "If things get bad I'm heading to Utah. Them Mormons have all kinds of food storage!" This is a sad thought process. The truth is, we are all responsible for our selves and our families!

As the spokesperson for Sterling's preparedness group, we are all about helping you with that. But the truth is we can't do it for you! Nor should we! You need to take responsibility for your preparedness. It is NOT someone else's responsibility to feed you or have the necessary supplies to house you, warm you, provide alternate sources of fuel or anything else!

Warnings have been coming for years. To put off your safety and preparedness is simply foolish. Take steps now! Join us as we journey together to make it happen! Every Thursday at 6:30 pm at the Sterling Town Hall Bldg. See you there!!

STEP-BY-STEP TREATMENT FOR ALL OF YOUR MEDICAL EMERGENCIES INCLUDING

Heart Attack

Choking

Anaphylaxis
